

Christopher Trump

Managing Director

PFM Asset Management LLC

Christopher Trump joined PFM in 2005 and is a managing director for PFM's investment advisory team in the Harrisburg office. Chris serves as the manager of PFM's Client Services Group. He supervises the work of key account managers and other client service representatives who are responsible for providing customer service and client advocacy to PFM's asset management clients.

Previously at PFM, Chris was responsible for developing, optimizing and implementing investment strategies for bond proceeds in Pennsylvania. Additionally, he marketed Pennsylvania Local Government Investment Trust (PLGIT) products and services to public entities in Pennsylvania. He served clients by providing portfolio, yield and cash flow analyses, security and portfolio level analytics, portfolio evaluation and reporting, and investment policy development. Other duties included leading a team of analysts and senior analysts that supported PFM's east business practices. Chris was also involved in developing and implementing the training program for asset management analysts.
