

Derek Freitag

Strategic Account Executive
PFM Solutions LLC

Derek Freitag is a strategic account executive for Synario, a financial modeling platform used to help visionary finance leaders transform their long-range planning and strategic decision making. Derek works with the enterprise sales team to deliver value-driven solutions to customers and address the challenges associated with the current state of financial modeling.

Prior to joining PFM in 2019, Derek spent 16 years in the Human Capital Management industry in a variety of sales and sales leadership roles within Services and Software. He is an avid golfer and enjoys spending time with his wife, Bridget, and his four children.
