

## Marc McClure, CFA

Senior Managing Consultant  
PFM Asset Management LLC

Marc McClure joined PFM as a senior managing consultant in 2016. He serves asset management clients throughout the Rocky Mountain region. He is the former chief investment officer for the City and County of Denver, and as such, was responsible for managing its \$3 billion investment program.

Prior to that role, he was the primary portfolio manager for more than 20 separately managed public sector accounts and co-managed several local government investment pools at another investment firm. He has been managing fixed income portfolios for nearly two decades and has been working for public sector clients for 12 years.
