

Max Teener

Senior Managing Consultant
PFM Financial Advisors LLC

Max Teener is a senior managing consultant based in Chicago. He provides strategic, technical, and quantitative support for PFM's Public Power and Water and Sewer clients. Max's duties include managing the bond issuance process, structuring bond deals, analyzing issuers' debt profiles, and performing credit analysis.

Max has supported engagements with utilities both small and large, including the District of Columbia Water and Sewer Authority, CPS Energy, San Antonio Water System, Nashville Electric Service, Great Lakes Water Authority, and the Vermont Public Power Supply Authority.

Max began his career with PFM in 2017, where he provided financial advisory services to a range of public sector clients in Michigan, including local governments, school districts, higher ed institutions, and water and wastewater utilities. Prior to re-joining PFM as a member of the Utilities team, he worked at the U.S. Environmental Protection Agency, providing financial analysis, oversight, and policy guidance for the State Revolving Fund loan programs.
