

Nelson Bush

Managing Director
PFM Asset Management LLC

Nelson, a managing director, joined PFM's asset management business in 1993. He focuses on providing investment advisory services to public entities and non-profit organizations in PFM's South region. Nelson helps with the design and adoption of investment policies, benchmarking investment performance, development and implementation of investment strategies, discretionary management of public funds and benefit plans, and the management of bond proceeds in compliance with arbitrage rebate regulations.

He is the program administrator for the Virginia State Non-Arbitrage Program and for the TexasTERM Local Government Investment Pool. As a member of and frequent instructor for several statewide professional associations in Virginia, Texas, and North Carolina, he regularly teaches classes on cash and investment management policies and best practices.
