

Steven Kucherak

Senior Solutions Consultant
PFM Solutions LLC

Steven Kucherak is a senior solutions consultant for Synario. He joined PFM in 2016 and is currently located in the Philadelphia office, where he works in the financial modeling practice. Steven is part of the Client Service Group, and is responsible for the implementation of Synario clients. In this role, he oversees the development, training, and customization of clients of both the Enterprise and Synopsis products.

Prior to assuming his responsibilities in the Synario group, Steven worked in PFM's Strategic Forecasting group, helping clients to analyze the financial impacts of various operating and capital initiatives, as well as helping them relay those results to key stakeholders.
